Pump Stick™

Durable REED Pump Stick™ with cordless power provides a portable, jobsite friendly way to remove standing water, up to 15 gallons per minute.

Power with operator's own battery by replacing the Battery Adapter Plate.

Long, slim design allows pumping deep from small cavities as the pump is 38 inches from bottom tip to hose outlet. And, Pump Stick lifts water up to 12 feet above the base. Comfort grip handle at the top brings the pump to 4 feet for operational ease.

Reaches extra deep with the optional 24 inch comfort grip handle to bring total pump length to 66.5 inches, tip to tip. Add extra hoses and hose couplings to complete the set-up.

Useful everywhere, the Pump Stick is a must-have for contractors and maintenance departments.

Numerous applications due to the versatile construction of the pump.

Pump Stick™ Kits

| CP15-38B | 08140 | Pump with Battery Adapter Plate for Bosch® & 2ft Hose - Base Model. Battery NOT included. |
| CP15-38  | 08141 | Pump Complete with 2ft Hose, 18V 4.0Ah Bosch® for REED Battery & Charger in Case. |

Battery Adapter Plates & Batteries

CPAPDEW 98140 Battery Adapter Plate Fits DEWALT® 20V
CPAPMIL 98141 Battery Adapter Plate Fits most MILWAUKEE® 18V
CPAPMAK 98149 Battery Adapter Plate Fits MAKITA® 18V
CPAPBOSCH 98139 Battery Adapter Plate Fits BOSCH® 18V
4AHBAT 98185 18V 4.0Ah Battery Fits BOSCH®

- Provides extra battery options for REED Pump Stick™.
- Swap the plate to fit common batteries.

Hoses

CPHOSE4FT 98144 4FT Hose with Magnetic Connection
CPHOSE7FT 98145 7FT Hose with Magnetic Connection
CP15COUP 98147 Hose Coupling

- Abrasion-resistant, industrial grade hose is crush resistant for reliable water removal.
- Smooth interior ensures efficient water flow.
- Plastic, lightweight hose resists corrosion and remains flexible at low temperatures.
- Hose design includes magnetic hose connector.
- Requires Hose Coupling #98147 to connect hoses for additional length.

Screens, Strainers & Filters

- Install screens or filters inside end cap to keep secure during use.

CP15MEDSCRN 98166 Medium Screen, 3/pk.
Filters out anything larger than than .034” from entering the pump. This is about the size of coffee grounds.

CP15FINESCRN 98167 Fine Screen, 3/pk.
Filters out anything larger than .021” from entering the pump. This is about the size of sugar granules.

CP15FILTER 98168 Felt Filter, 100 Micron, 2/pk.
Filters out anything larger than 100 microns (approximately .004”) from entering the pump. Use with screens #98166 or #98167 to hold position.

CP15SCRFLTR 98190 Screen/Filter Assortment contains fine screen (1) medium screen (1), felt filter (1)
Keep this assortment on hand to adapt to different water removal situations.

CPMSTR 98188 Marine Strainer, Stainless Steel, 1/pk.
Filters out anything larger than bigger than .250” from entering the pump. This is about the size of pea gravel. This strainer is recommended only for clean water transfer such as pools and spas.

CPRCSTR 98189 Strainer with Recessed Center, 1/pk.
Strainer pulls water from the sides, not the bottom, to help prevent clogs and keeps larger material from entering pump.

Other Accessories

CP15CASE 98193 Standard Case, Red Heavy-duty case with protective foam insert.
CP15LCASE 98194 Large Case, Red Heavy-duty oversized case with protective foam insert.
CP24HDLGRIP 98184 24” Handle with Grip Add extra reach with this extended handle.
R5GBUCKET 01240 5-Gallon Bucket Sturdy bucket is a useful jobsite staple.
CP15RM 08142 Assembly with motor, motor mount with screws, and impeller If needed, replace the motor assembly to get the Pump Stick back in working condition.
